DENTISTRY — D.D.S. WITH BIOLOGY OR GEOLOGY — M.S.

For students selecting a combined degrees program with a Master of Science degree in biology or geology, up to 12 units of credit for basic science courses and up to 6 units of credit for research and/or graduate courses completed as part of the electives of the professional curriculum may be applied toward the master's degree program.

For students selecting a combined degrees program with a Doctor of Philosophy degree, up to 30 units of credit for basic science courses and up to 30 units of research and/or graduate courses—but not more than 36 units completed as part of the electives of the professional curriculum—may be applied to the Doctor of Philosophy degree program.

The animal physiology and the statistics requirements are met as part of the professional curriculum.
