RADIOLOGIC AND IMAGING SERVICES

The Department of Radiology and Imaging Sciences provides support in the form of didactic, preclinical, and clinical instruction to students within the School of Dentistry. Courses offered cover principles of acquisition of images, recognition and interpretation of normal and disease conditions of the oral cavity and hard tissues, patient assessment, and treatment-planning activities. The department's aim is to prepare students to excel in compassionate and knowledgeable service to patients that is based on a comprehensive gathering and interpretation of pertinent data.
